PROJECT SUMMARY:

The College of Menominee Nation (CMN) is a tribally controlled community college with campuses in Keshena and Green Bay, Wisconsin. The college plans to develop new technical education programs in Welding, Machinist, Auto Body Repair and Trades Apprenticeship Preparation. The current Health Career Department is adding Medical Transcriptionist and Medication Assistant to the new CNA, LPN, RN, and Medical Assistant programs. Additionally, the Computer Department is adding an Office Assistant program and Microsoft computer Certification courses. It is anticipated that there will be 100 students enrolled in these technical education programs each year.

PROJECT OBJECTIVES:

- To ensure that career and technical skill proficiencies meet industry standards annually by at least 100 students.
- To ensure that industry-recognized credentials, certificates or degrees are attained by at least 60% of students in the proposed career and technical education programs as reported on CMN's Empower data collection system.
- To ensure that at least 75% of students in the career and technical education programs are retained in post-secondary education or complete the program as reported in the Empower data collection system.
- To ensure that at least 60% of students completing the career and technical education programs are placed/retained in high skill, high wage or high demand occupations, transfer to a Bachelor's degree program, enter the military or placed into an apprenticeship program.
